

# Doing Business With the Federal Government

## Information Session

## Federal Contracting Series by SBA & PTAC

### Qualify for a Federal Contract with a Certificate of Competency

The Certificate of Competency (COC) Program is designed to help small firms qualify for specific contracts. The program allows a small business to appeal a contracting officer's determination that it is unable to fulfill the requirements of a government procurement on which it is otherwise in line to receive. Randy Miller, SBA Procurement Center Representative (PCR), will discuss the following during this workshop:

- Program Summary and Governance
- Eligibility Requirements for COC Consideration
- COC Application Process

**Webinar access information will be emailed to registrants the day before the event.**

*This workshop is offered in conjunction with the Alaska Procurement Technical Assistance Center (PTAC). All SBA and PTAC programs are extended to the public on a nondiscriminatory basis.*
